## PennDOT NEVI Round 1B Addendum for Corridor Group 70B

**Addendum Action:** Adding Corridor Group 70B as an addendum to the [National Electric Vehicle Infrastructure \(NEVI\) Funding Opportunity Round 1B](#).

**Addendum Dates:** PennDOT will begin accepting Proposals for this Round 1B Addendum via the eGrants Public Portal Interface on July 15, 2024. Proposals must be submitted by 5:00 PM EDT on Friday, August 2, 2024, unless extended by PennDOT. Late Proposals will not be accepted. These dates are separate from and do not affect the Round 1B Proposal deadlines for all other Corridor- Groups.

## Section I – Addendum Information

### A. Overview

This document, the Round 1B Addendum, adds an additional Priority I Corridor Group to the [PennDOT NEVI Round 1B Funding Opportunity](#). The Round 1B Addendum only provides information regarding the new Corridor Group, 70B, including location, timeline, and Proposal instructions. The Round 1B Addendum does not alter any program timelines, requirements, or other details for Round 1B Proposals competing in Corridor Groups other than 70B. Refer to the [PennDOT NEVI Round 1B Funding Opportunity](#) for all other program details and requirements including information on awards, procedures, eligibility, program requirements, and Proposal evaluation.

### B. 70B Priority I Corridor Group

The federal plan for PennDOT NEVI-funded Charging Stations includes a phased approach over the five-year funding cycle. The first phase (Round 1, Round 1A, and Round 1B) focuses on fully building out the Alternative Fuel Corridors (AFC). An additional charging station is required on I-70 to achieve full build out status on the AFCs. A new Priority I Corridor Group, 70B, is being added to the Round 1B Funding Opportunity via this Round 1B Addendum.

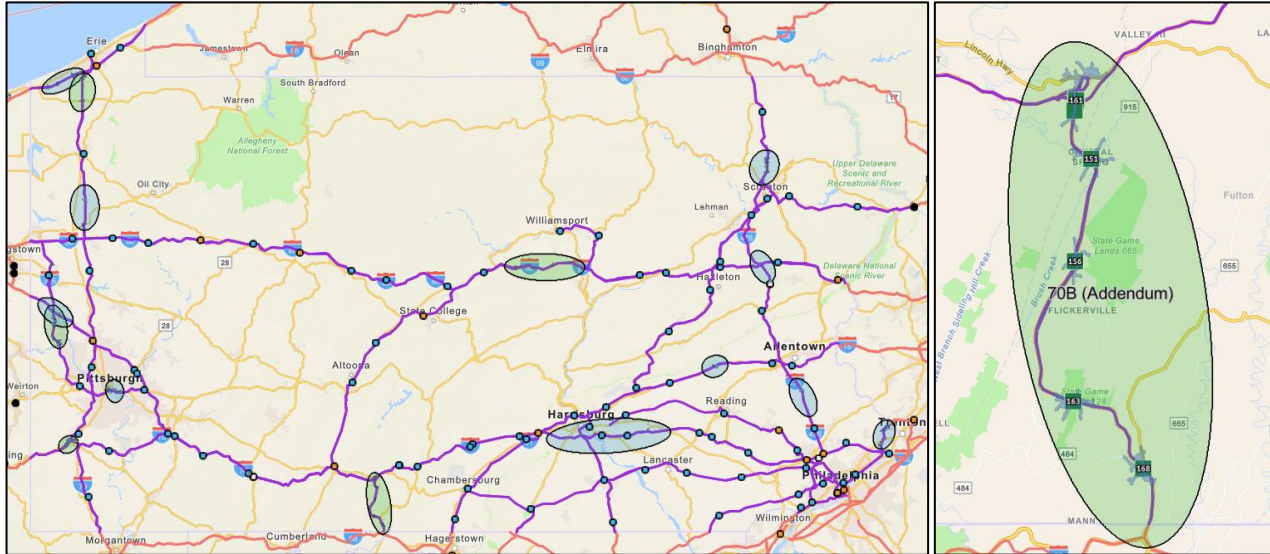

PennDOT developed an online map showing the original 14 Corridor Groups eligible for Round 1B funding. The Round 1B Addendum adds Corridor Group 70B to the Round 1B Funding Opportunity, which increases the number of eligible Corridor Groups to 15. All Corridor Groups are labeled as Priority I or II. The new 70B Corridor Group is Priority I.

- Priority I Corridor Groups include interchanges that must have a NEVI-creditable Charging Station to fill the remaining AFC gaps and reach fully built out status. PennDOT intends to prioritize filling these gaps.
  - Original Round 1B Priority I Corridor Groups – 4
  - Round 1B Addendum Priority I Corridor Groups – 1
- Priority II Corridor Groups include interchanges that are in locations meant to add resiliency to the charging network and improve equity.
  - Original Round 1B Priority II Corridor Groups – 10
  - Round 1B Addendum Priority II Corridor Groups – 0

There are a total of 6 eligible interchanges for consideration as part of the Round 1B Addendum Corridor Group 70B. Each Proposal may only include one Candidate Site.

Each Candidate Site will be given a disadvantaged community (DAC) score based on the Census Tract where the site is located. An explanation of DAC scores is provided in [Funding Opportunity Appendix VII – Disadvantaged Community \(DAC\) Score and Eligible Interchanges](#).

The following image shows the new Corridor Group, eligible interchanges, and polygons showing eligible locations. Refer to the online map, [Pennsylvania Round 1B NEVI Funding Opportunity - Eligibility Information](#), for more information on Corridor Group 70B as well as all Round 1B Corridor Groups.

**Interchange Groups**

- Border State Corridor

**1mi Polygons**

- Full Polygon (no DAC shown)

### C. Submission Deadline

Completed Round 1B Addendum Proposals must be submitted electronically through the eGrants Public Portal Interface. For Corridor Group 70B only, the open Proposal period will begin July 15, 2024, and will close on August 2, 2024, at precisely 5:00 PM EDT. The eGrants Public Portal Interface will not allow late Proposal submissions.

Note: The Proposal window for the rest of Round 1B Corridor Groups remains unchanged, with Proposals due by July 10, 2024 at 5:00 PM EDT.

### D. Davis-Bacon Act Wage Determination

Updated Davis-Bacon Act Wages will be used for Project(s) awarded through the Round 1B Addendum.

The most recent Davis-Bacon Act wage determinations for Pennsylvania using the “Heavy and Highway” construction type are included in this section. Wage determinations are separated out into three regional documents, but only the Western PA document is necessary for Corridor Group 70B. This document is linked below and included in this addendum, **Appendix XI – Davis-Bacon Act Wage Determinations – Addendum**. Many wages are broken down by municipality or other geographic portion of a county. Contractors should ensure the correct municipality and county used are based on the physical location of the proposed Charging Station. Rates shown were updated on May 31, 2024.

On July 23, 2024, which is 10 days prior to the Proposal submission deadline for this addendum, wage determinations will be reviewed for any updates. If wage determinations have been updated, they will be included as an additional addendum to this document. The rates that are current as of July 23, 2024, are the rates that shall be used for the Proposal submission.

Refer to [PennDOT NEVI Funding Opportunity Round 1B Section IV.G](#) for more specific information on how the Davis-Bacon Act Wage Determinations will be used on NEVI Round 1B Projects.

## E. Addendum Selection Timeline

The anticipated timeline for the Round 1B Addendum selection process will be as follows:

Date	Item
June 7, 2024	Round 1B Addendum released
Early June – Mid July	Submit utility form to utility provider so the utility can complete and return the form to the Prospective Contractor in time for the Proposal period end date
July 15, 2024	Proposal submission period begins (ability to enter in the eGrants Public Portal Interface)
July 23, 2024	Updated Davis-Bacon Act Wage Determinations posted to PennDOT NEVI website and shall be used for all Proposal submissions
August 2, 2024	Round 1B Addendum Proposal submission period ends at 5 PM EDT
August 2024	PennDOT Proposal review
September 2024	Preliminary award approval and denial notifications
September – November 2024	PennDOT NEPA Process
December 2024 – January 2025	Agreement execution

## Appendix I – Definitions – Addendum

**Round 1B Addendum** means this document, the Pennsylvania National Electric Vehicle Infrastructure (NEVI) Formula Program Round 1B Addendum for Corridor Group 70B. This addendum shall be considered part of the PennDOT NEVI Round 1B Funding Opportunity.

## Appendix XI – Davis-Bacon Act Wage Determinations – Addendum

One document is added to this appendix showing Davis-Bacon Act Wage Determinations as of the release of the Round 1B NEVI Funding Opportunity Addendum document on June 7, 2024. This document will be updated (if necessary) on July 23, 2024.

=====  
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example:

PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

#### State Adopted Rate Identifiers

Classifications listed under the "SA" identifier indicate that the prevailing wage rate set by a state (or local) government was adopted under 29 C.F.R. §1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 01/03/2024 reflects the date on which the classifications and rates under the "SA" identifier took effect under state law in the state from which the rates were adopted.

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
