

Meeting Summary

Project:	I-80 Canoe Creek Bridges
Subject:	Public Meeting
Date:	Nov. 1 – Dec. 1, 2021
Location:	Virtual On-Demand Meeting Website, Online In-Person Open House, Clarion County

Meeting Overview

The Pennsylvania Department of Transportation (PennDOT) held a public meeting for the I-80 Canoe Creek Bridges Project. The public meeting was held both online (virtually) and in-person. The online meeting was comprised of text, graphics and videos that provided a project overview and explained the project purpose and need, project design, proposed funding, traffic studies, environmental studies, comment process and next steps. The same information was shared during the in-person public meeting in an open house format.

The online meeting website provided a comment form that allowed individuals to submit their comments directly within the virtual public meeting. The website also noted other ways in which comments could be submitted, including the comment form on the general project website, project phone number, project email and a physical mailing address. The virtual public meeting and comment period began at noon on Nov. 1 and ended at 11:59 p.m. on Dec. 1, 2021.

At the in-person public open house, comment forms were provided for individuals to submit their comment. The in-person public open house was held on Monday, Nov. 8, 2021, from 4 to 7 p.m. at Keystone Elementary School in Knox, Pa. In project outreach and on the virtual public meeting website it was noted that participants could request translation services.

While the comment period for the public meeting has closed, the online meeting materials are available for reference via the project website's resource side bar at the link below:

Social Media Posts	23,516 people reached	<ul style="list-style-type: none"> Social media posts on PennDOT social media regarding how to participate in the public meeting and comment period 257 engagements across 3 posts 	11/1 11/8 11/29

Meeting Participation

Statistics regarding public participation in the public meeting are below (*data as of close of comment period on Dec. 1*).

Public Meeting Metrics	
Total Virtual Public Meeting Unique Website Visitors (11/1-12/1)	479
Total In-Person Public Open House Attendees	35
Total Meeting Comments (11/1-12/1)	96

Based on the comments received during the public comment period, 19 percent of individuals who visited the public meeting website or attended an in-person meeting submitted a comment. The project team is evaluating and considering this feedback as the Categorical Exclusion Reevaluation environmental document is completed.

Common Comment Themes:

- Several commenters indicated their **opposition to tolling**. Reasons included:
 - Existing Turnpike frustration

- Tolls causing traffic issues
- Financial
- Several commenters indicated **financial concerns** about the project. These included:
 - Frustration over high gas tax
 - Economic hardship caused by tolls
- Several commenters indicated **concerns for traffic congestion**. Concerns included:
 - Existing traffic, collision, and maintenance issues in the area
 - Toll diversion traffic causing heavier congestion on secondary roads
- Several commenters shared **general dissatisfaction**. Comments included:
 - Pennsylvania already pays the highest gas tax
 - Opposition to paying additional fees for road usage
 - Economic hardship
- Several commenters indicated concern for **toll avoidance** or plans to avoid tolls themselves. Comments included information on:
 - Drivers planning to avoid the bridge if a toll is placed
 - Concern for traffic avoiding the tolls and diverting through local communities
- Several commenters indicated that they were **against tax increases**. They included:
 - There are too many road-related taxes between tolls and the gas tax
 - Frustrated by additional taxes on roads built with taxpayer money
- Several commenters suggested **other means of raising money**. These included:
 - Trim overhead budget
 - Federal infrastructure bill
 - Only charging tractor trailers/large trucks
 - Change state police funding
 - Support user fees, managed lanes, tax increases or registration fee increases
- Other comment themes that appeared in a smaller number of comments included:
 - General Support
 - Supportive of Tolls
 - Business Interruptions
 - Technical Issues
 - Tourism/Economy
 - Information & Mailing List Requests
 - Bridge Safety
 - Mitigation/Toll Discount
 - State Police Siphoning Funds
 - Supportive of Managed Lanes
 - Air Quality & Noise
 - EJ Issues
 - Geographic Equity
 - Non-Gas Vehicles Not Paying Share
 - Pandemic Related Hardship Concerns
 - Supportive of User Fees
