PennDOT Cameron County Maintenance Work Schedule for the Week of September 18

Clearfield, PA – The Pennsylvania Department of Transportation (PennDOT) announced the following schedule of maintenance activities in Cameron County the week of September 18. PennDOT performs year-round maintenance in its mission to provide a safe, efficient transportation system, and the scope of work in Cameron County for the coming week is as follows:

Crack Seal & Hot Pour Mastic

- Route 872 in Grove Township, between the Potter County line and the intersection of Route 120. Monday, September 18, and Tuesday, September 19. Flaggers in the roadway will provide traffic control during daylight hours.
- Route 120 in Grove Township between the intersection of Route 872 and the Clinton County line. Wednesday, September 20, through Friday, September 22. Flaggers in the roadway will provide traffic control during daylight hours.

Crack sealing and hot pour mastic operations prevent water intrusion from seeping through cracks or joints in an asphalt road, which can lead to potholes and pavement breakup. They are proactive preventive maintenance strategies to prevent water from entering the roadways and accelerating the formation of potholes and other failures.

PennDOT urges motorists to exercise caution in these and all work zones to ensure their safety and the safety of county maintenance staff.

This schedule is subject to change due to weather conditions, emergencies, or other unforeseen interruptions.

Customers can report road concerns by calling 1-800-FIX-ROAD. If calling after hours, please leave a name and phone number.

For more information on PennDOT's maintenance activities, visit www.PennDOT.pa.gov/about-us/maintenanceactivities.

Motorists can check conditions on major roadways by visiting www.511PA.com. 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information, and access to more than 1,000 traffic cameras.

511PA is also available through a smartphone application for iPhone and Android devices, by calling 5-1-1, or by following regional Twitter alerts accessible on the 511PA website.
