

STATE ROUTE 1029, SECTION 01B FIFTH STREET BRIDGE - MPMS# 94873

Project Purpose and Need

Purpose

The purpose of this project is to restore community connectivity lost with the removal of the previous Fifth Street bridge over SR 0022.

Need

This project is necessary to replace a bridge that was previously removed under the SR 0022, Section 400 project due to horizontal and vertical clearance issues. Fifth Street is a vital corridor to Whitehall Township, and the removal of the previous bridge has hindered community connectivity.
