

# REAL ID in Pennsylvania

## In March 2019, REAL ID-compliant driver's licenses and photo ID cards will be available to Pennsylvanians who want them.

### What is REAL ID?

The REAL ID Act is a federal law that affects how states issue driver's licenses and photo ID cards if they're going to be used for certain purposes, such as boarding a domestic commercial flight or entering a secure federal building that requires ID at the door.

---

*Beginning **October 1, 2021**, Pennsylvanians will need a REAL ID-compliant driver's license, photo ID card, or another form of federally-acceptable identification (such as a valid passport or military ID) to board a domestic commercial flight or enter a federal building or military installation that requires ID.*

---

### Do Pennsylvanians have to get a REAL ID?

**No, getting a REAL ID is optional for Pennsylvania residents.** It is not necessary to have a REAL ID to:

- Drive
- Vote
- Apply for or receive federal benefits for which you are entitled (Veterans' Affairs, Social Security Administration, etc.)
- Enter a federal facility that does not require an ID (i.e. a post office)
- Access a hospital or receive life-saving services
- Participate in law enforcement proceedings or investigations (serve on a federal jury, testify in federal court, etc.)

### What's the difference between a REAL ID and a standard-issue ID?

The chart below shows the difference between a standard ID or driver's license, and a REAL ID:

	<b>Standard Photo ID or Driver's License</b>	<b>REAL ID Photo ID or Driver's License</b>
<i>Driving (DL only)</i>	✓	✓
<i>General Identification Purposes</i>	✓	✓
<i>Boarding a Domestic (U.S.) Flight after October 1, 2021</i>	✗	✓
<i>Entering a Federal Facility or Military Base (that requires ID) after October 1, 2021</i>	✗	✓

### What will REAL IDs look like?

**REAL ID-compliant versions of all varieties of commercial and non-commercial driver's licenses and ID cards will be available.**

The visible difference between a REAL ID-compliant product and a standard-issue, non-compliant product is that a **REAL ID-compliant product will be marked with a gold star**. REAL ID products are produced using the same security features as standard-issued products.

After March 2019, standard-issue, non-REAL ID driver's licenses and ID cards will also look different. Per federal REAL ID regulations, non-REAL IDs must be clearly labeled with the words "Not for REAL ID Purposes."

Below are examples of what REAL ID and standard-issue products will look like:

#### REAL ID-Compliant Driver's License

REAL ID-Compliant Photo ID Card

#### Standard-Issue (Non-Compliant) Driver's License

Standard-Issue (Non-Compliant) Photo ID Card

## What do Pennsylvanians need to do to get a REAL ID?

Federal REAL ID regulations require that PennDOT verify a customer's identity, social security number, Pennsylvania residency, and name changes (if applicable), even if a customer already has a PA driver's license or ID card. More info about document requirements, including a [printable document checklist](#), can be found on the [Document Check page](#) of the PennDOT Driver and Vehicle Services website.

### U.S. Citizens

## Online REAL ID Pre-Verification

Customers who received their FIRST Pennsylvania driver's license, learner's permit or photo ID card AFTER September 2003 may already have the [required REAL ID documentation](#) on file with PennDOT. If the documents are on file, the customer may apply for REAL ID online, pay the required fees, and their new REAL ID will arrive in the mail within 15 business days. No need to visit the driver license center!

Additional information about [Online REAL ID Pre-Verification](#) – including [frequently asked questions](#) specific to online pre-verification – is available on PennDOT's Driver and Vehicle Services website.

### How much will a REAL ID cost and when will it expire?

Customers who choose to get a REAL ID will pay a one-time fee of \$30, plus a [renewal fee](#) (current renewal fee is \$30.50 for a four-year non-commercial driver's license or a photo ID). The expiration date of the initial REAL ID product will include any time remaining on the current license or ID card, plus an additional four years, unless the customer is over 65 and has a two-year license.

This expiration date structure means that customers won't "lose" time that they've already paid for. After the initial REAL ID product expires, the customer will pay no additional fee, beyond regular renewal fees, to renew a REAL ID product.

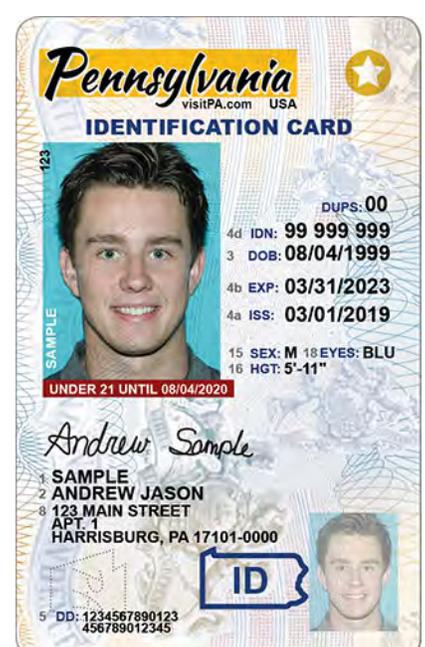

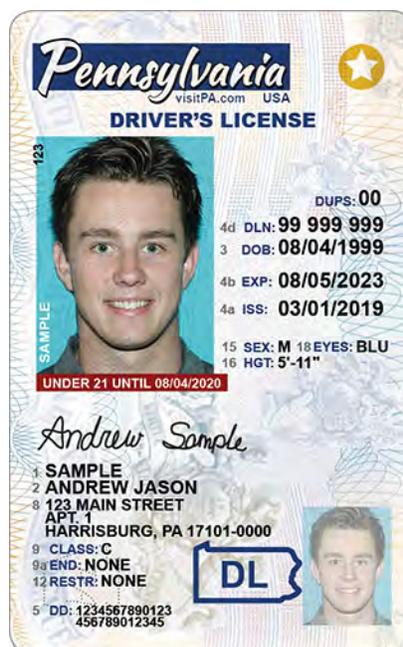

The image to the right illustrates this scenario. In this example, when the customer got their first REAL ID in March 2019, their current product was set to expire in August 2023 – they had almost four years left. Their first REAL ID includes the time that they had left on their current license, plus four additional years.

### Can minors get a REAL ID?

Yes, REAL ID-compliant versions of minor and junior driver's licenses and photo ID cards are available. If a minor chooses to get a REAL ID-compliant driver's license or ID card, they must present the required documentation and pay the \$30 one-time fee, plus the regular initial issuance fee. The documents required to get an initial learner's permit, driver's license or photo ID card (birth certificate or passport, social security card and two proofs of residency) are the same documents that are required to opt into REAL ID.

TSA does not currently require children under 18 to provide identification when traveling with a companion within the United States. The companion will need acceptable identification, a list of which can be found on [TSA's website](#).
